1. INTRODUCTION

This Intermunicipal Development Plan (IDP), between Flagstaff County and the Town of Killam is part of a hierarchy of plans established in accordance with the legislative requirements of the Municipal Government Act. All municipal documents in Alberta must comply with these requirements as they provide the framework for land use and development decisions within the province.

The IDP is a high-level statutory land use planning document. Documents such as Municipal Development Plans, Area Structure Plans and others noted below, provide for more specific and detailed land use policy guidance within each municipality, while the IDP incorporates policies to coordinate development adjacent to boundaries of each municipality.

All of the plans in the diagram below must be consistent with each other and the corresponding Regional Plan (North Saskatchewan Regional Plan when completed).

1.1 Plan Organization

- 1) The Flagstaff County and the Town of Killam IDP has been organized into three sections:
 - a) **SECTION 1 INTRODUCTION** includes the purpose and background, goals of the IDP, enactment, duration, description of the plan area, enabling legislation, guiding principles, public engagement process and key definitions.

- b) **SECTION 2 PLAN POLICIES** includes the plan area, land use concept, utility and stormwater management policies; transportation policies; environmental protection, recreation and open space, infrastructure corridors; oil and gas infrastructure; and economic development.
- c) **SECTION 3 PLAN ADMINISTRATION AND IMPLEMENTATION** includes adoption process, approving authorities, plan amendments, establishment of the inter-municipal committee, plan review, plan termination/repeal, annexation, dispute resolution process, and correspondence.

1.2 Purpose and Background

- 1) The municipalities of Flagstaff County (County) and the Town of Killam (Town) agreed to enter the process to jointly develop an Intermunicipal Development Plan (IDP).

“The purpose of the IDP will be to ensure that a coordinated and cooperative approach is in place for managing the use and development of lands adjacent to the boundary of Killam, within Flagstaff County”.

- 2) The Town and County have agreed to undertake the process for preparing and adopting, by bylaw, the IDP which will address the principles, policies and considerations outlined in this document.
- 3) The Town and County recognize that all municipalities are equals and have the right to growth and development. Both municipalities have agreed that a negotiated IDP is the preferred method of addressing intermunicipal land use planning issues within the IDP area and that it represents the best opportunity for a continuing cooperative working relationship between the two municipalities.
- 4) The municipal policy framework for the preparation of an IDP is contained within the County and Town Municipal Development Plans. The Town’s Municipal Development Plan, Map 2, identifies development opportunities for lands adjacent to the Town. In addition, Section 26 of the Town’s Municipal Development Plan contains policies regarding intermunicipal planning and cooperation. The County’s Municipal Development Plan contains intermunicipal policies and supports the protection of a 3.2 kilometer area around each urban municipality for urban expansion plans and industrial parks.
- 5) Nothing contained within this IDP is intended to nor shall be interpreted as fettering either Council’s discretion.
- 6) MGA 631.1(10) states “In creating an intermunicipal development plan, municipalities must negotiate in good faith.”

1.3 Goals of the IDP

- 1) The overall goals of the Flagstaff County and Town of Killam IDP are to:
 - a) Ensure orderly development, while protecting the area surrounding the Town for future expansion;
 - b) Establish a framework for attracting economic opportunities;

- c) Improve opportunities to secure a long-term economic base for the region;
 - d) Ensure the municipalities are development ready and future oriented in their efforts to attract economic activity; and
 - e) Ensure that the municipalities are developed in a manner that is equitable and fair to the residents of the municipalities.
- 2) The IDP and the various cost sharing agreements together form the basis of cooperative effort between the Town and the County to work together to serve the needs of their communities.

1.4 Enactment

- 1) The policies contained within the Flagstaff County and Town of Killam Inter-municipal Development Plan Bylaw come into force once the County and the Town Council have given Third Reading to this IDP Bylaw. The intent is not that any policies in the IDP Bylaw be applied retroactively to any applications that are already in process.

1.5 Duration

- 1) The IDP sets forth, in general terms, the strategic patterns for land uses, servicing and transportation policies as well as other mutually agreed policy directions to the year 2029. While the IDP is meant to be a long range planning document, it is intended that regular monitoring, review and periodic amendments may be required for policies in the IDP to remain current with changing trends, technologies and growth within the region.
- 2) The IDP sets forth a process for amendment and repeal of this document when it is in the mutual interests of the County and the Town to do so.
- 3) A systematic review of the IDP shall be undertaken every three years from the date on which the IDP comes into effect.

1.6 Plan Area

- 1) The IDP area encompasses lands north, west, east and south of the present corporate limits of the Town of Killam as shown on Map 1 – Plan Area Boundaries. Property owners within the IDP area, adjacent property owners, residents of the Town and other interested parties have been consulted during the IDP planning process.
- 2) The IDP area encompasses lands identified as the Future Annexation Area, Urban Expansion Area, and Referral Area as defined in Section 1.10 of this Plan.
